Boris:

The attached 4 prints are samples of photographs taken by a Soviet Ukrainian artist of old Ukrainian icons and other art treasures. The artist is compiling a collection for safe-keeping (either destroyed or removed) because the originals, reportedly, are slowly disappearing/and it is felt they will be lost forever. The photographs were brought out by a Western traveller. The AECASSORIES want to use them for art exhibits in the West to call attention to the fact that art treasures are ~~being~~ disappearing under the Soviets. To reproduce the prints commercially would not only be very expensive but the end result would not be as good. Our printing services people gave me an estimate of \$90.00 for the 250 prints available. Would you be inclined to okay a request for the job by Printing Services?
